Training Attendance Policy

Virginia Main Street (VMS) trainings are an important opportunity to gain new skills, network with other communities, and learn about resources available for downtown revitalization. Every attempt is made to make trainings an excellent learning experience that is convenient and reasonably priced. Because attendance at trainings is important, VMS has developed the following attendance policy.

- ❑ Each Designated Community is expected to attend as follows:

Accreditation by the National Main Street Center (NMSC) is determined by the Local Organization’s adherence to and successful fulfillment of the Center’s Ten Standards of Performance. Of these Standards is the designated community requirement to conduct a program of ongoing training for staff and volunteers.

To that end, the **local organization agrees to continue program volunteer and staff development in the Main Street Approach by attending training as provided by Virginia Main Street and the National Main Street Center.** Attendance by an organizational representative at all VMS training is expected. Attendance at trainings sponsored by the Center is highly encouraged.

-Virginia Main Street Memorandum of Understanding

- ❑ Attendance by DHCD Commercial District Affiliates is considered an element of their “active participation” which is necessary to maintain their status.
